COLLEGIATE & PERSONAL GOALS

Academics are very important to me. I always aim to excel in both academics and athletics. I constantly strive to achieve my absolute best by always working to the utmost of my abilities both on and off the field/mat. I have been told. I have a bright and inviting personality. I love to make others around me happy with my ability to make them laugh and smile. With that being said, when the time comes for me to be serious, committed and focused there are no hesitations.

In order to stay in condition, I, along with football and wrestling play baseball and track in the off-season. I believe that playing multiple sports allows me to stay active both physically and mentally.
